

**LAWYER'S  
PROTECTOR  
PLAN®**

## **Exciting News from the LPP:**

The State of Florida recently implemented a 4% surcharge on all insurance policies, in order to fund the Florida Insurance Guaranty Association Assessment (FIGA). Our carrier, Greenwich Insurance, a member of the XL Capital group, will assume the cost of this surcharge and will not pass it along to LPP insureds.\*

## **What this means to you:**

For existing LPP insureds, premiums will not go up at renewal as a result of this new surcharge.

For new business, the LPP will be more competitive than ever compared to LPL carriers who are passing this surcharge to clients!

**Please join us in congratulating XL on assuming the cost of this new surcharge and helping us keep costs down to our customers**

Send in your submissions now for our summer premium drive!
